

Sustainable Fencing - Fixed and Portable

Made from 100% British Recycled Plastic.

Cost Comparison between Timber and
Recycled Plastic Walkways

Maintenance-Free Fencing

It's a fact - recycled plastic fencing will look as good as you can see here, throughout its 40+ years of service, and will cost you much less over time, having no recurrent maintenance or replacement requirements.

It's Official

WRAP* have conducted many studies comparing the extended costs of wood vs recycled plastic lumber in construction.

The obvious conclusions seen in this example can be applied to any situation where the two materials would be permanently outdoors, continually at the mercy of the elements.

This example assumed that timber must be replaced every 7 years with maintenance required annually from year 2. Average annual cost of maintenance in materials and labour is £176 per annum (not including inflation). Average cost per 100 meters of walkway over the time shown: Timber £1300 - Plastic £370

* WRAP (Waste & Resources Action Programme), a not-for-profit company backed by government funding from England, Scotland, Wales and Northern Ireland, was established in 2000 to help businesses and individuals reap the benefits of reducing waste, develop sustainable products and use resources in a more efficient way.

DESIGN AND INNOVATION FOR BUILDING AND LEISURE

Recycled Plastic Fencing - Fixed and Portable

Never replace a rotten fence again - lasts 40+ years!

Key Advantages

- Maintenance-free
- Coloured throughout, UV stable
no painting needed
- Non-absorbant, hygienic
easy to clean
- No splinters for little fingers
- Water and frost proof
- Does not rot
- Will not chip, warp or crack
- Recycled and recycleable

Standard Mixed Plastic Fencing

(H)900-1830mm

Available in Black/Nut Brown

Rounded Top Picket Fencing (see above)
Pointed Top Picket Fencing
Standard Mixed Plastic Fencing
'Hit and Miss' Fencing

Fixed Fencing

Standard width 1830mm (6ft)

Bespoke sizes on request

**Can be shipped as finished panels
or flat packed for on-site fabrication**

Fixed Multicoloured Fencing
Fixed Synthetic Wood Fencing (see inset above)
Fixed Mixed Plastic Fencing (see above main)

Portable Fence Panels

Portable Multicoloured
Fence Panels - HDPE (see above main)
(L)1100 x (W)300 x (H)700mm

Portable Synthetic Wood
Fence Panels (see inset above)
(wood effect & choice of 7 colours)
(L)1100 x (W)300 x (H)720mm

Kedel specialise in recycled plastic fencing for housing associations, schools and colleges, as well as general building projects.
